Twin Size

### **Ideal Steel Platform Frame - Arrives in 1 Box**

Available in Eastern King, Queen, Full or Twin

The Ideal foundation a Foldable Platform Bed Frame is designed to replace existing box spring and bed frame. Key benefits are that it provides additional space under the bed for storage when compared with a traditional box spring and provides additional support. Idealframe is heavy duty steel construction and painted for a lasting finish. Traditional box springs are just one more place to harbor bed bugs and dustmites, Idealframe helps reducing both. The Idealfram foundation folds away to a compact footprint if use for a temporary bed or when moving. The oversize headboard brackets enable this frame to fit almost any headboard.

Arrives in 1 Box

Heavy Duty Steel Construction

Replaces Bed Frame AND Box Spring

Headboard and Footboard Brackets

Quick and Easy Set-up

Hypoallergenic powder-coated finish inhibits dust mites

Provides Added Under-bed Space
